Mobile: 07887702841
Tel: 01274 597358

EMPLOYMENT

Current Position (as of August 2010):

I currently work full time at Advanced Dyeing Solutions LTD in Dewsbury. The company manufactures and distributes dyeing machines for testing purposes to laboratories worldwide. As it stands, my role is 'General Assistant' so I help out in every department which includes packing spare parts and machines for shipping, manual labour such as making and modifying parts from technical drawings and put together complex machines. I also tidy and file documents, stock check on items and take calls within the office.

TECHNICAL ABILITY

Platform: PC (Windows XP, VISTA, 7) & MAC.

Applications: Adobe Photoshop, Illustrator, Dreamweaver, Macromedia Fireworks, Microsoft Office.

Code: HTML & CSS. In addition to this I have basic experience with Visual Basic.

Other: Digital & 35mm cameras, FTP (File Transfer Protocol), Fax, Email, Wacom Tablet.

I am a technical minded person with good hardware and software skills. I learn computer programs and pick up their user interface quick. I am a passionate photographer with a creative mind and appreciate it as an art form as well as its commercial value. I have an interest in website design and graphical design. I am a friendly, outgoing and helpful person. I've successfully designed my online portfolio (www.james-dolan.co.uk) for my personal and cliental work. When given a task I like to make sure it is done to high standard.

WORK EXPERIENCE

During my educational work experience in 2007 at Titus Salt School I was able to go to Bradford Collage Library where I was working in the I.T department dealing with hardware and software faults. I have experience dealing with clients and have created websites, business cards, posters and flyers excreta for clients who own their own business (paid & personal experience). I have experience in creating, sending and receiving invoices, proformas, purchase orders, order acknowledgments using software and hardware such as email and fax.
